THEN FOR GOOD STREETS.

Bury the croaker out in the woods.
In a beautiful hole in the ground,
Where the bumble bee bums and the woodpecker
pecks
And the sardine bug straddles around.
He is no good to the town,
Too unpractical, stinky and dead,
But he wants the whole earth and part of the
crust
And the stars that shine over his head.
Then hustle him off to the dead,
And bury him deep in the ground,
He's no good to us here, get him out of the way,
And make room for the man that is sound.
Monday will be Mason County Court

Good for Bad Boys!

Seems a fitting title for a shoe that gives absolutely satisfactory service and stands a long season of the wear and tear most "strenuous" youngsters put into them. "Good for Bad Boys" Shoes are made of solid leather throughout—no lining to wear and wrinkle over the toes. They are built in a factory that make a specialty of and know the requirements of Boys' Shoes, and sold in Maysville exclusively at

The County Court of Knox county, Tenn., is "unearthing" the most unique frauds of even this progressive age. The Court has a committee at work examining graves in the county's pauper cemetery, and as a result of one day's operations 179 graves were opened, and of this number only 64 contained bodies. This makes a total of 279 graves opened, in which 77 bodies have been found.

The committee announces its intention to exhume every coffin buried within the past six years. This means the entering of 1,000 graves.

A Negro charged with having committed "fake" burials during the past few months for the purpose of securing payment for the same from the County Treasury was tried and bound to Court. He swore on the stand that he had taken coffins to the county cemetery, knowing there was nothing in them. The undertaker employing the Negro disclaims responsibility for the latter's actions, and also denies ever having had knowledge of the committing of frauds.

He admitted, however, that he had charged the county for coffins ordered for two persons who died at the City Hospital whose bodies were turned over to a medical college.

FROM BRACKEN COUNTY.

Confessed Counterfeiting, and Implicated Confederates.

Jed Kiscadin of Bracken county was lodged in Jail at Lexington by Deputy United States Marshal Robert True, charged with counterfeiting.

He confessed and is said to have implicated a big band of confederates operating in Bracken and adjoining counties.

The names were withheld, as officers are planning to run them down.

Kiscadin was caught after a two weeks exciting chase.

A Weak Stomach
causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach, and wards off and overcomes disease. J. B. Taylor, a prominent merchant of Christian, Tex., says: "I could not eat because of a weak stomach. I lost all strength and run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by the use of Kodol, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." J. Jas. Wood & Son.

Railway Matters.

Home-seekers Round-Trip and One-Way Settlers' Rates to the West, Northwest and Southwest.

Be sure that you are right and see that your ticket reads via Big Four Route. Three daily trains, morning, noon, night.
Very low rate colonist tickets on sale commencing February 15th, 1903, and continuing every day until April 30th, 1903, to all points in Utah, Colorado, Nevada, New Mexico, Arizona, Montana, Idaho, California, Oregon and Washington. Corresponding low rates in effect every first and third Tuesday of each month to other Western and Northwestern and Southwestern states. If you are contemplating a trip to any point in the West you will find it will be to your interest to write to the undersigned, stating fully your point of destination, your nearest railroad station, the number in your party and the date you wish to start. He will give you full information, the exact cost of your trip, or if you so desire will call on you in person and explain everything fully to you. A letter addressed to him, giving him the information, may be the means of saving you several dollars. T. A. Garrigan, Southeastern Passenger Agent Big Four Route, Huntington, W. Va.

Of course the fire insurance companies ought to raise premium rates in Kentucky, as they took in last year only \$1,700,000 more than they paid out in losses. The official reports of premium collections and losses filed with the state Insurance Department shows that the companies collected in Kentucky last year \$3,406,619, and paid out in losses \$1,725,688, a shade over 50 per cent. of the receipts.

The United States Supreme Court has decided the case of the Louisville and Jeffersonville Ferry Company adversely to the contention of the state of Kentucky that that state had the right to tax not only the company for a Kentucky franchise, but also its Indiana franchise. The opinion said the Kentucky authorities had no jurisdiction over the Indiana franchise. The opinion reversed the decision of the Kentucky Court of Appeals; and it's a leadpipe cinch that if the Supreme Court had to pass upon all the decisions of the Court of Appeals more than 73 per cent. of them would be reversed.

Political Pickings

DON'T APPLY IT TO BRYAN!

Louisville Herald.

Under Chinese law there is provision for equality between an offense and its punishment. A dishonest brick-maker in one of the provinces was fined 20,000 bricks. An English writer thinks that, on the same principle, Lord Lansdowne should be compelled to give the next five or six years of his life to writing an essay on "German Diplomacy and its Relation to British and American Interests." The principle is inapplicable to America. Fine William Jennings Bryan, for instance, 20,000,000 words, and an ocean of verbosity were let loose on the land.

Dyas Clinger, Superintendent of the Manchester High School, who was arrested, charged with assault and battery by a pupil, was acquitted at his trial.

The Richmond Lodge of Elks has invited the Rev. E. L. Powell of Louisville to deliver his lecture on "Christian Citizenship" before the Order at an early date.

Judge Thomas R. Phister was one of the attorneys for Charles B. Campbell at his examining trial at Aberdeen Thursday.

Mary A. Dimmitt, by Master Commissioner C. Burgess Taylor, sold to Omar Dodson 100 acres on the Taylor's Mill pike for \$2,410.

IN CONSTANT MISERY.

Relief Comes at Last to a Maysville Citizen.

After years and years of constant misery from backache and the many annoying complications that accompany sick kidneys, a citizen of Maysville finds relief and cure. The public statement which follows will help many a reader.

Mr. J. B. Roper, proprietor of the inn and restaurant, 125 Market street, says: "Doan's Kidney Pills which I procured at J. James Wood & Son's Drugstore, corner of West Second and Market streets, do all that is claimed for them and do it promptly and thoroughly. From personal knowledge I cheerfully testify to their value and effectiveness." For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y. Sole Agents for the United States. Remember the name—DOAN'S—and take no substitute.

The Fralick Hospital and Sanitarium Company of Ohio, which will establish a hospital in Nicholas county for the treatment of tuberculosis, organized in the department of Secretary of State at Frankfort Thursday. It has \$50,000 capital, and Dr. W. G. Fralick of New York is at the head of the company and John I. Williamson of Carlisle is one of the incorporators.

1903 SEEDS

Our stock of seeds has just been received direct from Landreth & Son's warehouse in Philadelphia, and while it may be a little early to plant it is never too early to plan, and we want you to remember Landreth's seeds in all your plans for the garden this year. Landreth's is the house that burns all left-over seed every year, so you can be sure if it's Landreth's it's fresh, and not only fresh but of the variety you want. This is the only seedhouse that makes it impossible for old seed to get mixed in with the new. Their seeds cost no more though.

FLOWERING SWEET PEAS

Should be planted now. Let us sell you the seed. Also, call and get one of Landreth's fine catalogues.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plow so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Point also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

River News

The Hudson goes up for Pittsburgh tonight.

The Tacoma will pass up tonight for Pomeroy.

The Henry M. Stanley for Cincinnati will be down tomorrow.

Axon & Sons, Brownsville boat builders, have three towboats in the stocks—one for the Clyde Coal Company, one for the A. J. Leonard Coal Company of Brownsville and one for J. C. Watson.

The repairs and remodeling of the Sprague will be completed probably today, but the boat will not leave Pittsburgh till next week. It is thought she will move along without a hitch, and will be able to take twice as much in a tow as any other river boat.

The general public will be surprised to learn how much coal it takes to run steamboats. The big steamer Louisville burns 100 bushels every hour, 2,400 bushels every twenty-four hours. On her present Mardi Gras trip she will burn 30,000 bushels of coal on her round trip.

The steamer Alvin Adams was one of the fastest steamboats ever built. Upon one occasion she was turned loose about a mile below the mouth of Salt river—twenty-five miles below Louisville—and she made the run to New Albany in one hour and five minutes. It is said the Eclipse made the same run in one hour, but this has been disputed.

The Queen City did not get away from New Orleans according to schedule time, as some of the passengers were detained by the charms of the Mardi Gras ball. The big City of Louisville and the Queen City are reported to have left the Crescent City about the same time. A report from below states that the famous horns which were worn by the fastest boats of other days, when the river was in its glory, will be given the boat which lowers the time of the Robert E. Lee, a boat which has gone down in history as the fastest boat that ever plied the inland rivers.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hard earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 335 Walnut Street, Lorain, Ohio. "It got so bad I had to lay off quite often two and three days in a week, my stomach would bloat, and I would belch up gas, and was in awful distress at such times. I have employed and been treated by the best doctors in the city but got no help whatever. By some way or other I happened to get hold of a vial of your 'Pellets,' and I thought they helped me. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint, and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day since this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pleasant Pellets regulate the bowels.

The abandonment of the trip of the Hill City from St. Louis recalls to rivermen the Mardi Gras trip of the Great Republic in 1870 with the Grand Duke Alexis of Russia on board. The Republic was caught in an ice gorge twenty miles below Cairo, delaying the royal party several days. Finally the steamer James Howard was sent to the relief and took the passengers to Memphis. The Republic and Howard were the finest steamers on Western waters at that time.

The towboat L. H. Buhrman burned to the water's edge at Hawesville on Wednesday night. No lives were lost in the disaster. The boat was the property of the Cincinnati Cooperage Company, and engaged in the timber business between Cincinnati and the Tennessee river, carrying timber for the mills of the company. The company heard of the loss late Wednesday night. It reports the loss at about \$14,000. Captain W. S. Paris, a veteran commander in the Tennessee and Ohio river trades, was in charge at the time of the disaster. At the time of the accident the boat was bound South with a tow of empty model barges.

LESSON IN AMERICAN HISTORY IN PUZZLE

GEN. JACKSON'S BATTLE WITH THE SEMINOLE INDIANS. Find "Billy Bowlegs."

Gen. Jackson entered Florida to suppress the Seminole Indians in March, 1818. He occupied the Spanish post of St. Marks, and marched to the Indian town of Suwanee, where he hoped to catch the Seminole leader, Billy Bowlegs, but in this was unsuccessful. He next captured the Spanish colonial capitol at Pensacola, and declared the whole territory under American rule. Spain protested against his actions, and he was officially censured, though the territory he had acquired by force of arms was never again occupied by Spain, and was officially transferred in February, 1819, though it was not until October, 1820, that the treaty was ratified by the Spanish crown.

I have used Kodol Dyspepsia Cure for a period of nine months, using in all four bottles, and I can say that it has cured me of Dyspepsia completely.
J. O. SETHER, Crookston, Minn.

A WEAK STOMACH will not allow one to eat enough to keep up health and strength. A weak stomach can not digest enough food to keep up the strength even if it were eaten. Do not try to cure dyspepsia or any other stomach trouble by dieting. Satisfactory work of muscle or brain can not be performed on half rations. A variety of food and plenty of it is necessary.

KODOL DYSPEPSIA CURE

Kodol Dyspepsia Cure is the remedy that will let you eat all you need—or want. If you will use Kodol you will soon be able to eat any and all kinds of food. Kodol is the only digestant or combination of digestants that will digest all classes of food. When you take Kodol everything you eat tastes good, and every bit of the nutriment that it contains is assimilated and appropriated by the blood and tissues. Did you ever hear of a man or woman being sick or weak who could eat heartily and who enjoyed their meals? Every man, every woman and every child who is sick, puny or weak can soon eat heartily and enjoy every meal if they will take Kodol. A truth worth repeating: When you take Kodol everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues.

Hinesville, Ga., Sept. 1, 1902.
I have been selling Kodol Dyspepsia Cure since 1897 and have never had a single complaint. As it has proven so successful and is decidedly the best stomach medicine I ever handled, I decided to try it myself, and can state truthfully that it has done me more good than anything I ever used for indigestion and dyspepsia. J. R. RYAN, Merchant & County Treas.

Bottles only—Regular Size, \$1.00, holding 2½ times as much as the trial size which sells for 50 cents.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods, Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

Miss Ida M. Snyder.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicine, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElee's Wine of Cardui and Theodor's Black-Draught, and so I took it and had every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Theodor's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

The Easy Pill.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers by arousing the secretions, moving the bowels gently yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. J. Jas. Wood & son.

During that entire time I have worked hard and incessantly to build a trade for first class goods and to establish and hold a reputation for honorable and fair dealing. My success in business has proved to me that I have not worked in vain. My business has steadily increased from the beginning. I intend to continue in the same old way. For your very liberal support you have my most sincere thanks, and I most respectfully ask for a continuance of same. I want country people when in our city to visit my store and make it their headquarters. You are always welcome.
